This index is published for the use of those readers who maintain files of back copies of News Reports. It is designed to permit reference to be made quickly to material by title, content or author. You may be searching for a suitable way in which to file your back copies. Our experience is that "Accopress" or "Duo-Tang" binders are very suitable for this purpose, with the Reports bound in groups according to the several groups of Index Sheets which the Association has published. Loose-leaf binders may also be used, though the tendency is, after use, for the paper to tear at the ring perforations.

INDEX OF OUTINGS

We herewith include a continuation of the list of C.R.H.A. Excursions commenced on page 45 of the March, 1958, News Report. The excursions listed there were numbered from 1 to 37, inclusive. In order, however, to eliminate the "A" and "B" numbers as per that list, Nos 1-37 are now numbered 1-42, inclusive, in the same chronological order. This list thereupon begins with Trip no. 43. It is hoped to make this list a regular feature of future indexes. Some of these trips have been written up in the News Report. Please refer to the regular Index for references to these articles.
